REVENUE INDICES OF LARGE CONSTRUCTION COMPANIES

Base: Annual Average 2014=100

April - June 2018 Quarter

Construction of buildings

Index **94.19**
Twelve-month variation **0.1%**

Civil engineering works

Index **85.99**
Twelve-month variation **1.3%**

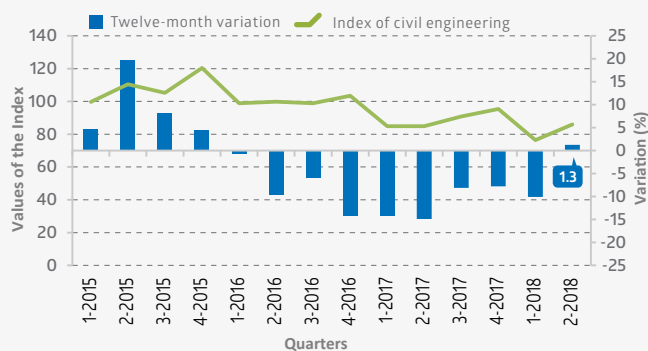

Civil engineering works

The Revenue Index at constant prices of Large Construction Companies related to civil engineering rose 1.3% year on year. This result was due to the increase observed in the revenues of large companies. The increase was offset by a fall in revenues of mega-sized companies.

In the index, an increase of 12.6% compared to the previous moving quarter and a cumulative decrease 4.4% were observed.
