^PProvisional figures. In this bulletin, the reference figures for the year 2024 are from a provisional database of 15 months (the 12 months of 2024 as well as the months of January, February, and March 2025, when vital events that occurred in 2024 were registered). For this reason, the figure published in this bulletin may vary from the provisional figures that were reported in 2024.

¹Because the decimals are rounded, the relative figures of the table on births according to mother's age bracket may not add up to 100%.
