^PProvisional figures. In this bulletin, the reference figures for the year 2025 are from a provisional database of 15 months (the 12 months of 2025 as well as the months of January, February, and March 2026, when vital events that occurred in 2025 were registered). For this reason, the figures published in this bulletin may vary from the provisional figures that were reported in 2025.

¹Because the decimals are rounded, the relative figures of the table on births according to mother's age bracket may not add up to 100%.
